

**CANDIDATE STATEMENT  
CALIFORNIA STATE SENATE, DISTRICT 4**

**Name: MARIE ALVARADO-GIL**

**Age: 51**

**Occupation:** CA State Senator

**Education and Qualifications:** I'm Senator Marie Alvarado-Gil, a common-sense voice for small business, a loyal advocate for the men and women in fire and law enforcement, and a member of the working-class.

In 2024, I made history by leaving the Democratic Party and becoming a Republican. My choice was based on values, not politics, and demonstrated my independence as a fearless public servant in Sacramento.

My own journey of overcoming adversity — from childhood foster care, to raising two children with special needs, to surviving cancer twice — reminds me every day is a blessing.

In Sacramento, I hold politicians accountable by exposing fraud, waste and abuse of our tax payer dollars. I vote to block tax increases and prevent violent criminals from being released to our streets. I vote to secure critical funding for local emergency needs like roads and wildfire response and to keep rural hospitals open. As an educator, I champion school choice, safe schools and protect parent's rights.

I deliver winning results to mountain communities - over \$11 million for local firefighters and expanded wildfire prevention grants for forest management. I am leading the effort to reduce homeowner insurance costs by fixing the FAIR Plan.

I bring a collaborative mindset to policymaking – a Masters Degree in Public Administration and over 25 years of experience in public service. I am Co-Chair of the Reform California Voter ID initiative to restore election integrity.

Placer County - join me in putting rural communities first and building a stronger future for every American.

**CANDIDATE STATEMENT  
CALIFORNIA STATE SENATE, DISTRICT 4**

**Name: ALEXANDRA DUARTE**

**Age: 52**

**Occupation:** Mother / Farmer

**Education and Qualifications:** I'm a mom, a farmer, and a strong conservative. I'm bringing the President's agenda to Sacramento. My husband John and I built our life growing almonds and walnuts in Modesto. We raised our kids on that farm. Faith, hard work, and personal responsibility, that's who we are.

Sacramento is broken. The Governor broke it. RINOs let him. I'm running because I'm a real conservative Republican – the kind we need to drain the Governor's swamp. I will shut the border. End Sanctuary laws. Protect our daughters. Stop the radical gender agenda in our schools. I will cut your taxes, defend Proposition 13, and make gas cheap again. I will make wildfire prevention a state emergency and make insurance affordable again. I will get our farmers the water they deserve.

The President needs fighters like me in Sacramento. Not RINOs. Our community needs a Senator who won't back down. I will never.

Let's Make California Great Again.
